PROFILE

Seeking a beginner role to enhance and explore my technical knowledge gained at Narula Institute of Technology in the last three years. I hold a MCA degree from Narula Institute of Technology .

INTERNSHIP

(#) Hash Technologies Pvt. Ltd

2019-2022

Full Stack web developer

During my internship i worked on a project. The project was to create a facility feedback system. which was to be integrated on a website.

- We used asp.net framework and used html css and javascript for the frontend of the website.
- We used c# as the backend code.
- We used microsoft sql server for data handling.
